

Symbols and signs of proportional and servovalves in hydraulics :)

Distributors

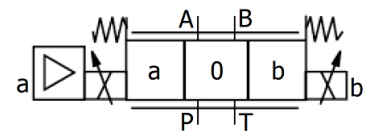

[Proportional distributor directly controlled 4/3 with spool \(proportional distributor directly controlled 4/3-position, spool conversion\)](#)

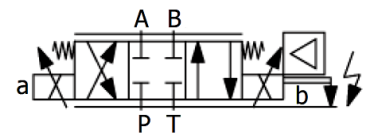

[Proportional distributor directly controlled 4/3 with spool and with its position sensor](#)

[Proportional distributor directly controlled 4/3 with integrated electronics without position sensor](#)

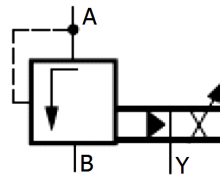

[Proportional distributor directly controlled 4/3-way with integrated electronics, position sensor, and with feedback](#)

Pressure valves

[Proportional pressure valve indirectly controlled](#)

[Proportional pressure valve directly controlled](#)
